

重要提示

限重的规定

在以下几种情况下，以最低者为准：

- 1, 根据上海港码头的规定，总重量（货重加箱重）不得超过40500KGS。然而，当总重量超过30500KGS时，码头或船代将向客户收取额外的操作费用，金额以最终发票为准。
- 2, 部分目的地港口或内陆点有特殊的限重规定。请见后一页“Destination Limitation”。
- 3, 标注在集装箱上的最大载重（Payload）。

货重填报错误的后果

错误的重量申报会严重威胁我司船舶航行安全并可能损坏货柜或者港口机械。如有发现以下行为：

- 1, 提单上所显示的货物重量加集装箱皮重之和大于VGM, 且误差值超过1000KGS或5%（以较低者为准）；或
- 2, 提单上所显示的货物重量超过最大核载；

我司将收取重量误报费CNY400/柜，以及向订舱代理索赔由此产生的额外费用（包括但不限于称重、翻舱、移柜、改港、退运和额外运费等等），并保留向海事部门举报的权利。

对于较重的货柜，订舱时有何特殊要求？

只要符合限重规定，订舱时无特殊要求。

我司特别提醒，在提柜和装箱时，请务必核查集装箱的最大载重，确保所装货物重量不超过最大载重；如需换箱，请按照换箱流程操作（可能产生换箱费用）。

同时，请订舱代理、客户转达上述限重要求至所有相关人员（装箱单位、工厂、车队、放箱公司等），确保重量符合要求，达到安全运输的目的。

Important Notes

Maximum weight limit

In the following cases, whichever is the lowest:

- 1, According to the regulations of Shanghai Port Terminal, the total weight (cargo weight plus container weight) shall not exceed 40500KGS. However, when the total weight exceeds 30500KGS, the terminal or state agent will charge the customer additional operating fee (amount is subject to the final invoice).
- 2, Some destination ports or inland places have special weight restrictions. You can get the latest list of weight limitation via LINDO website.
- 3, The maximum “payload” marked on the door of equipment.

Consequences of incorrect weight declaration

Incorrect weight declarations can seriously threaten the safety of our vessels and may damage containers or port machinery. If any of the following is detected:

- 1, The sum of cargo weight (shown on BL) and tare weight is greater than VGM, and the difference value exceeds 1000KGS or 5% (whichever is lower); or
- 2, Cargo weight shown on BL exceeds the “payload”;

A weight mis-declaration fee of CNY400/container will be imposed, as well as the additional costs arising from it will be claimed to the booking client (including but not limited to weighing, restow, re-position, return cargo, COD, and additional freight, etc.). We will also reserve the right to report the mis-declaration to the authorities.

Special requirements for a heavy container booking?

If the weight limit is met, there are no special requirements when booking.

It is just reminded that when empty pick-up and stuffing, please be cautious to check the maximum payload of the container to ensure that the weight of the loaded cargoes does not exceed the maximum payload; If you need to exchange the container, please follow the container exchange process (the replacement fee may apply).

At the same time, please convey the above weight limit requirements to all relevant parties (stuffing company, factories, and trucking team, etc.) to ensure that the weight meets the requirements to achieve the purpose of safe transportation.
